

## **FD Roosevelt Unit NSCC Uniform Resources Guide**

Please refer to the following sources for any uniform items to be provided by Cadet. FDR Sea Cadets makes every attempt to supply boots/shoes where sizes are available, however, these items are not a part of the uniform issuance. As your cadet grows, we will replace any items that no longer fit for no additional charge (upon return of outgrown item) - exception: t-shirts are not to be returned. Note that not all uniform items may be issued at one time since several are seasonal.

## NSCC RESOURCES FOR CADET-SUPPLIED UNIFORM ITEMS:

1) **Black oxford lace-up dress shoes.** No corforms or patent shines please. No decorative stitching or design (if possible). Style should be similar to these examples below.

Although this has some decorative stitching, this would also be acceptable -

2) **Black, military/tactical style boots.** Because we are not always sure what we will be supplied in terms of surplus boots, Cadets are ultimately expected to supply this item themselves. We will make every effort to supply boots to your cadet out of our supply. Cadets can always turn in unit supplied boots for personal boots. Many parents have good luck searching for boots at Army-Navy surplus stores and similar and can be more affordable. As your cadet grows, we will always attempt to boot them with on-hand supplies if we can. Some examples:

Some Jacksonville military surplus stores:

3) **Hydration Pack** (Camelbak)- (black preferred but if cadet already has one they do not need to purchase new). Some examples:

4) **Other personal and undergear:**

- Black mid-calf socks

- White, crew-neck undershirts (for dress uniforms)
